

CONSENT FOR CONTACT

Centre for Perfect Care Research

Would you like to know more about what is happening in Research and Innovation?

Would you like to become involved in research or innovation projects that could improve services for you and others in the future?

We know how important it is to work together. You can help shape projects with the experience, skills and knowledge that you bring.

Mersey Care wants service users to get involved in research.

We would like to....

Tell you about research

Get service users to be a part of the research

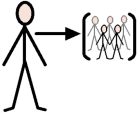

We need a list of people who would like to be contacted when there is news about research or chances to get involved.

There are different levels you can chose from and you can choose how involved you would like to be.

There are 3 levels

1. **Participating.** This is when you take part in the research.

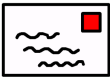

2. **Collaborating.** This is when you work **with other people to help create** the project on things like...

- giving your ideas or feedback
- helping to make information leaflets

3. **Getting information.** This could be things like...

- Updates
- Results
- Newsletters

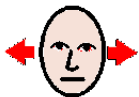

You can **choose which level** and **return this form**

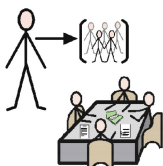

Your **choices** will be **recorded** on a computer.

All of your information will be kept **confidential** and **secure**. This means that we will not share anything about you without asking you first.

If you decide that you do not want to be involved anymore you can change your mind at any time.

When there is new research, staff might contact you if you ticked you are interested in

- 1) participation or
- 2) collaboration

You can **ask** them **any questions** you might have before agreeing to take part.

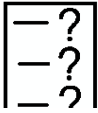

After this, we will contact you **every year** to make sure that you are still happy to be involved.

All research that happens at our Trust is **reviewed** and **approved**. This means it is checked to see that the work is safe and is good enough for people to take part in.

The Trust has a lot of different projects like...

- Questionnaires

- Testing new therapies

- Testing new treatments

- Testing new technology

If you would like to be involved please **choose what level.**

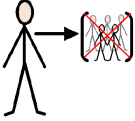

You can choose 1, 2, 3 or all of the levels.

tick all that apply

<p>1) Participation / Being involved Yes, I would like to be involved in research projects.</p>	
<p>2) Collaboration / Working with someone Yes, I would like to be involved in helping research projects.</p>	
<p>3) Information / Getting information Yes, I would like to get updates, results and newsletters about research at Mersey Care NHS Foundation Trust.</p>	

By ticking any of these boxes you are only agreeing to **get more information** about research at Mersey Care NHS Foundation Trust.

You are NOT consenting to be involved in any research right now.
